Chemical Regulatory Annual Conference

CRAC 2024

16TH CHEMICAL REGULATORY ANNUAL CONFERENCE

In today's rapidly changing global landscape, the pace of economic growth has slowed, creating fresh uncertainties and challenges for businesses worldwide. As industries grapple with this new reality, the Chemical Regulatory Annual Conference (CRAC) emerges as a beacon of knowledge, offering a platform for industry leaders to navigate evolving regulatory landscapes and seize untapped growth opportunities.

Since its inception in 2009, CRAC has been at the forefront of the industry, gathering government representatives, renowned experts, corporate leaders, and academic professionals under one roof. This esteemed conference has become synonymous with cutting-edge insights and collaborative exchanges, shaping the future of chemical regulations.

Now, in 2024, CRAC Global enters its 16th edition with a groundbreaking approach. Breaking away from tradition, CRAC Global embarks on a global tour, spanning China, South Korea, Japan and Europe. This bold initiative paves the way for an international exchange of ideas, experiences, and best practices, fostering collaboration on a global scale.

CRAC Global 2024 is purposefully designed to address the pressing concerns of today's industries. With a laser focus on critical topics such as chemicals, pesticides, cosmetics, and sustainable development, the conference promises thought-provoking discussions, invaluable insights from industry experts, and an array of growth opportunities.

Chemical Regulatory Annual Conference

Since 2009, the Chemical Regulatory Annual Conference (CRAC) has brought together global forces for 16 consecutive years to build industry dialogue, invite global government agencies, industry experts, and business representatives to discuss global chemical management trends, exchange international advanced management experience, and extend to sub-sectors such as pesticides, disinfectants, cosmetics, food contact materials, pharmaceuticals, green and low-carbon sectors, and promote green, safe, and sustainable development of the industry, injecting new vitality into the benign development of the industry.

From 2020 to 2022, REACH24H has organized the online CRAC for three consecutive years, with partners including the Helsinki Chemicals Forum (HCF), United Nations Environment Programme (UNEP), European Chemicals Agency (ECHA), European Commission (EC), etc. Speakers come from ECHA, the Independent Beauty Association (IBA), the French Cosmetics Association for SMEs - COSMED, China's Ministry of Ecology and Environment (MEE), and many other government agencies and organizations.

2009-2019

Since its inception in 2009, the Chemical Regulatory Annual Conferences (CRAC) have been a key platform for promoting international regulatory communication and cooperation. The CRACs brought together participants from diverse industries, who shared cutting-edge information and explored new ideas and solutions for compliance, which contributed to the development and progress of the industries.

2020-2022

During the pandemic period from 2020 to 2022, REACH24H organized CRAC Virtual Forums to bridge knowledge and communication gaps across regions and share innovative and value-added regulatory, policy, and market insights. Overall, the online CRACs have attracted more than 10,000 global participants and covered 92 countries/ regions.
