# Chemical Regulatory Annual Conference

CRAC 2024

16TH CHEMICAL REGULATORY ANNUAL CONFERENCE

In today's rapidly changing global landscape, the pace of economic growth has slowed, creating fresh uncertainties and challenges for businesses worldwide. As industries grapple with this new reality, the Chemical Regulatory Annual Conference (CRAC) emerges as a beacon of knowledge, offering a platform for industry leaders to navigate evolving regulatory landscapes and seize untapped growth opportunities.

Since its inception in 2009, CRAC has been at the forefront of the industry, gathering government representatives, renowned experts, corporate leaders, and academic professionals under one roof. This esteemed conference has become synonymous with cutting-edge insights and collaborative exchanges, shaping the future of chemical and agrochemical regulations.

Now, in 2024, CRAC Global enters its 16th edition with an innovative approach, embarking on a global tour spanning China, South Korea, Japan, and Europe. With a laser focus on critical topics such as chemicals, pesticides, cosmetics, and sustainable development, the conferences promises thought-provoking discussions, invaluable insights from industry experts, and a multitude of growth opportunities.

CRAC Europe 2024 - Chemical Session proudly launches in Germany, leveraging over 15 years of experience in APAC chemical compliance. This session concentrates on chemical compliance, effective market access strategies, and addressing hazardous chemicals policies. Attendees gain invaluable insights to navigate regulatory challenges successfully while ensuring compliance and safety. The conference also features dedicated sessions on dangerous goods transportation, equipping professionals with the knowledge and expertise to excel in their operations. Join us at this premier event to gain knowledge, exchange expertise, and stay ahead in the ever-evolving chemical regulatory landscape.

# Chemical Regulatory Annual Conference

Since 2009, the Chemical Regulatory Annual Conference (CRAC) has brought together global forces for 16 consecutive years to build industry dialogue, invite global government agencies, industry experts, and business representatives to discuss global chemical management trends, exchange international advanced management experience, and extend to sub-sectors such as pesticides, disinfectants, cosmetics, food contact materials, pharmaceuticals, green and low-carbon sectors, and promote green, safe, and sustainable development of the industry, injecting new vitality into the benign development of the industry.

Over the years, CRAC has established partnerships with renowned institutions such as the Helsinki Chemicals Forum (HCF), the United Nations Environment Programme (UNEP), the European Commission (EC), and the Organisation for Economic Co-operation and Development (OECD), etc. Notably, CRAC has attracted distinguished global government agencies and associations to its events, including the Ministry of Ecology and Environment of China, the Ministry of Emergency Management of China, the Ministry of Transport of China, the Ministry of Agriculture and Rural Affairs of China, the European Chemicals Agency, the United States Environmental Protection Agency, the National Institute of Environmental Research of South Korea, and many other government agencies and organizations.
